8307552640 / 9729702640 | giteshsorout@gmail.com
LinkedIn | GitHub | LeetCode | GLA University, Mathura

PROFILE SUMMARY

Enthusiastic and detail-oriented Computer Science student with strong programming and analytical skills. Skilled in Python, Java, and modern development tools with hands-on experience in building real-world applications. A passionate DSA solver with over 130+ LeetCode problems solved, focused on logical thinking and problem-solving efficiency.

TECHNICAL SKILLS

Programming Languages: Python, Java

Web Technologies: HTML, CSS, Bootstrap

Libraries & Tools: NumPy, Pandas, Scikit-learn, Matplotlib, Seaborn

Version Control & IDEs: Git, VS Code, Jupyter Notebook

Other Skills: Prompt Engineering, API Integration, Problem Solving

CORE COMPETENCIES

Data Structures & Algorithms | Object-Oriented Programming | Logical Problem Solving

PROJECTS

AI-Powered Resume Screener

- Created an AI tool using TF-IDF, Cosine Similarity, and GPT API for resume matching.

HealthStat Dashboard

- Built a Power BI dashboard to track hospital metrics using dynamic filters and KPIs.

Calorie Burned Prediction App

- Built a Streamlit application to predict calorie burn using user health data with machine learning algorithms.

Plant Disease Detection App

- Implemented a Decision Tree Classifier in Streamlit for identifying plant diseases and providing instant insights.

EXPERIENCE

Machine Learning with Generative AI

June 2025 – July 2025

W3grade

- Worked on Generative AI and NLP-based projects involving prompt optimization, fine-tuning, and model evaluation.

CERTIFICATIONS

- Data Analytics & Visualization Job Simulation – Accenture (Forage)

Dec 2024

- Data Analytics Job Simulation – Deloitte (Forage)

June 2025

- Data Analyst in Power BI – DataCamp

May – June 2025

- SQL for Analyst – DataCamp

July 2025

- Software Engineering – NPTEL

Aug – Nov 2024

HIGHLIGHTS

- Solved 130+ DSA problems on LeetCode, showcasing strong analytical thinking
- Quick learner with curiosity for AI and modern technologies
- Capable of handling projects independently with clean, optimized code
- Focused on continuous improvement and technical growth
